Airport Operations Report – Public Works

Fort Huachuca/Libby Army Airfield - Airfield Manager Carol Thompson:

- Construction on TWY Charlie and Echo: Although the contractor did excellent work, they jacked the shoulders. We may receive TWY Charlie before TWY Echo. TWY Charlie was striped/properly marked May 8 2019 and awaiting lights. TWY Echo's shoulders are under discussion for how best to repair.
- Bradys will be here May 13-17 with 2/C-17s and 3/C-130s.
- We will host a Gray Eagle group from Fort Stewart, who will operate out of LAAF June 10-August 10. Our operating hours will be adjusted to the following: 1500L Sun through 0700L Sat. They are supporting the border mission and gaining currency before deploying down range.
